

SPEEDEX - WHO?

A message from Jem Marsh, founder of Speedex and proprietor of Marcos Cars Ltd.

"It is so easy to think that everybody knows what a company does when one has been working with it for six days a week for many years!

SPEEDEX is among Britains largest mail order and cash and carry suppliers of components for builders of road cars, production sports cars, rally cars, competition vehicles of all types and for the enthusiast who is building his/her own kit car. Our catalogue contains over 1500 items from a humble spark plug to a set of competition setting shock absorbers. Over 50% of our inventory is based on those "fiddly bits" that go into building or rebuilding a car: fasteners, rubber extrusions, lights, locks, hinges, wiring connectors etc. along with many performance items such as cam shafts, air filters Janspeed exhaust manifolds etc.

At SPEEDEX we concentrate on action with quality - a good fast mail order service of quality components.

For those of you who have not yet shopped at SPEEDEX may I assure you of an efficient and helpful mail order service without leaving the comfort of your armchair!

Best wishes for easy motoring.

Jem Marsh
