

three years of
highly successful competition

lead us to announce

marcos spyder

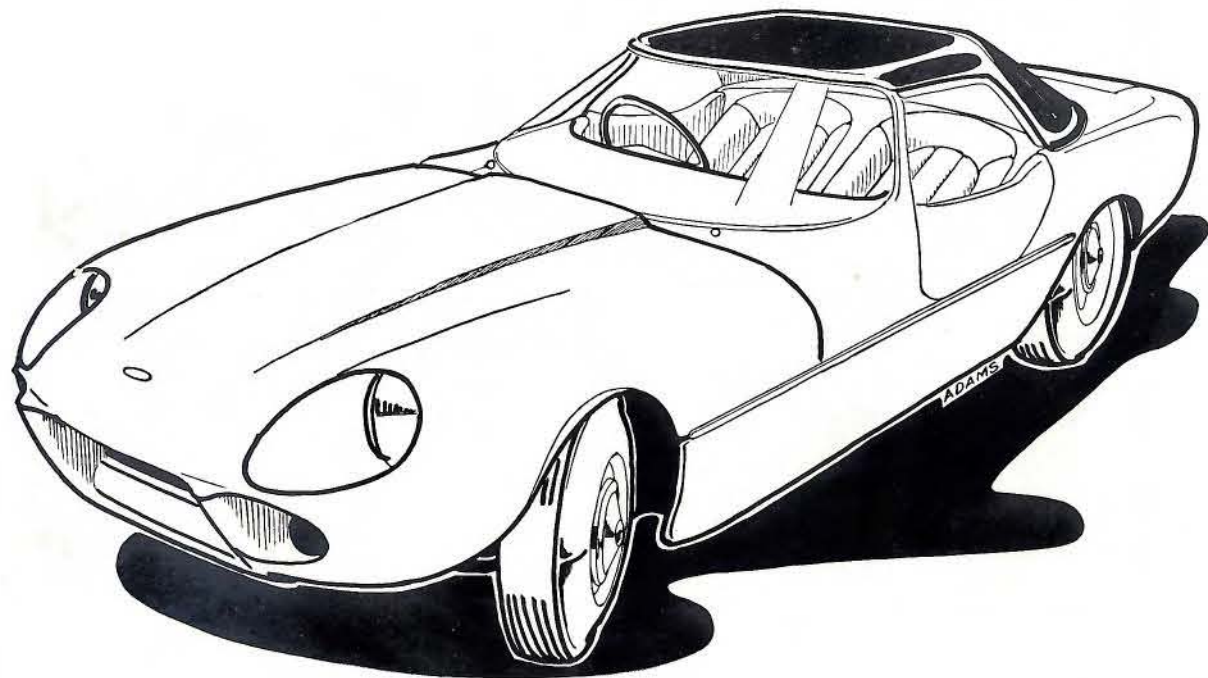

open roadster

an outstanding sports car

with the same specification as our

championship winning coupes

The following list of achievements confirms our lead as Constructors of Advanced Sports Machinery :—

general dimensions :

Wheelbase : 7 ft. 6 in.
Front track : 4 ft. 2 in.
Rear track : 4 ft. 0½ in.
Overall length : 13 ft.
Overall width : 4 ft. 8 in.
Overall height : 4 ft. 2 in.
Turning cycle : 32 ft.
Ground clearance : 6 in.

This new high performance machine (and our 1962 Racing Coupes) have been designed by D. & P. ADAMS of our own Design and Development Department in our new 10,000 sq. ft. factory where the cars are now being produced with up to date production and workshop facilities.

1960
